

# Live Herbal

---

## Life Style

**Life Style • Environment • Future**

## **Our Philosophy**

*In the name of our children and our children's children, we will manufacture products that will not harm our environment.*

*They will be products made from natural materials that pose no threat to our country's ecology and fauna. They will care for the well-being of human kind, the home, and the environment.*

*We will provide opportunity for people who share our concern to join our endeavours.*

# Live Herbal by **Cloud Tech**

In 2005 **Cloud Tech** organization was formed to bring to the market place **Live Herbal** natural solution for House hold, Commercial, Hospitals, Hotels, Restaurants and personal care. **Live Herbal** is leader in natural technology. Material sourced from nature are combined in “state of the art” technology to meet the exacting demands of modern day products. At **Cloud Tech** we believe that being Indian and being the best instils pride in those who use our products. A reputation that ensures all Indians can enjoy the use of our product.

## The Products

### ***No Compromise***

At Cloud Tech we believe that you shouldn't have to compromise on product performance when looking for natural alternative. Our vast experience in this industry ensures that when you use **Live Herbal**, you are using very best in all aspects of performance and responsibility.

### ***Manufactured On- Site***

Our onsite manufacturing facilities enable us to stand behind the products that you receive with confidence. From formulation to despatch, we strictly control and monitor the quality and content of our products, guaranteeing the integrity of the product that you receive every time.

### ***Premium Quality, Gentle Ingredients***

We are a stubborn bunch when it comes to our company Philosophy and Integrity. This means that we put nothing less than premium quality ingredients in our **Live Herbal** products, regardless of cost. We firmly believe that we could never put a cost on the health and safety of our families and our environment.

### ***Market Leaders in Natural Technologies***

Our Research & development team can sometimes to be a little anti- social, dedicated to sourcing the planet for scientific research on the greatest and latest in Natural Extracts to make sure our products always remain at the fore front in terms of performance and integrity. In all of our products, you will find an outstanding mix of natural extracts to provide your family with the combination of superior performance and gentle results that other just can't replicate.

Over 9 years of research and manufacturing expertise from our dedicated team has cemented **Live Herbal** position as a market leader in natural technologies.

### ***100% Indian Owned & Manufactured***

We are immensely proud to be a 100% Indian company leading the world by example. Sadly this is fact which seems to be rapidly disappearing from the market.

## Home Care

When we choose our perfect home, we choose it based on how it makes us feel. We look for a home that makes us feel safe, comfortable, relaxed, and healthy for our family to live in. But how can we feel relaxed when our families are exposed daily to the toxic residues left behind in our homes by ordinary Cleaning and Mosquitoes & Bugs control products?

The Live Herbal Home Care Range turns the dream of your perfect home into reality for your family. Containing no poisonous substance, toxic colors or fragrance, no bleach or chlorine compounds, you can rest easy that you are providing the very best lifestyle for your family.

The superior Live Herbal range ensures carefree, easy cleaning & mosquitoes control whilst allowing you to maintain the highest possible level of cleanliness & mosquitoes and bugs free environment for your family's wellbeing. The concentrated formulas provide you with fantastic savings on your normal cleaning expenses.

Live Herbal products contains No caustic alkalis, acids, chlorine compounds, bleach, toxic fumes/smells, fillers or extenders, petroleum by-products, SLS, toxic colours or fragrance, harsh ammoniates, EDTA, parabens, or formaldehyde.

### *Herbal Mosquitoes & Bugs Repellent*

*100% Natural*

With the warmer weather also comes the fun of mosquitoes & pesky flying creatures. Commercial mosquitoes repellents contain incredibly harmful pesticides that can reside in your liver & other vital organs for years. **Live Herbal Mosquitoes & bugs repellent** is a formulation of natural essential oils that's provide you with an effective & safe for all ages alternatives.

*Loving my  
mosquito-free life*

**Mosquitoes Be Gone!**

## Cleaning Without Compromise

Without compromise in safety- no longer a choice between power and gentleness- now you can demand both. Without compromise in efficiency- cleaning chores made easier than ever before- the power of our "gentle chemistry" is highlighted.

Without compromise in environmental care- our ecosystem is delicately balanced and now efficient cleaning can leave a smaller environmental foot print.

*We can however make cleaning effort less, quick and well.....actally enjoyable!!*

*Our herbal based concentrate offer power full "no scrub" cleaning without the harsh odorous and toxic residues left behind by ordinary products*

A fresh Herbal Disinfectant Floor Cleaner that gently lifts contamination to leave even the most delicate floors sparkling clean. Ideal for use on sound tiles, slate, timber, linoleum, cork, stone, and outdoor areas. Other than floor cleaning it can also be used for:

Cleaning of wooden and glass furniture, washbasins, toilets, electronics items, TVs, phones, laptops- *Make your belongings Germs free with Herbal Disinfectant.*
